Presents

CARLA O'CONNOR

The Figure in Design

June 11-15, 2012

Statement. As stated in her DVD package, "To Carla, the process is the most important aspect of her art. Her approach is one of incredible discipline and expressive free thought. She follows the 'what ifs' but focuses on a different design principle at every stage of her work.... She starts big and broad then slowly adds detail.... Carla delves into more than just the technical aspects of laying paint onto paper. She discusses the importance of emotion in your work and when to tackle difficult subject matter."

Background. Carla O'Connor has a BFA from Kent State University and has done formal study at the University of the Americas, Mexico City; University of Dayton, Ohio; University of Wisconsin, Milwaukee. She is a signature member of the American Watercolor Society, National Watercolor Society, and Northwest Watercolor Society and is an AWS Dolphin Fellow. Her work has been in numerous exhibitions and received many awards.

Publication. Her work has appeared in various books on water media. She has been featured in *American Artist Magazine* (2008), *International Artist Magazine* (1998, 2000), *Watercolor Magazine* (2001), *Artist's Magazine* (1998, 2001), *Watercolor Magazine* (2002), *Watercolor Magic Magazine* (2004) and *Watercolor Expressions* (1999).
